## Format

Sets in each match are to be played in the following order:

- |                                    |                                    |
|------------------------------------|------------------------------------|
| 1 Player #3 vs #3 Singles          | 4 Players #1 & 3 vs #1 & 3 Doubles |
| 2 Players #1 & 2 vs #1 & 2 Doubles | 5 Player #1 vs #1 Singles          |
| 3 Player #2 vs #2 Singles          | 6 Players #2 & 3 vs #2 & 3 Doubles |

A team match consists of a total of 6 sets (as described above), each set consisting of 8 games (i.e. 1 team match = 6 sets x 8 games = 48 games). The following rules apply:

- No add scoring
- Each set has to be completely played (i.e. all 8 games)
- The winning team of the match will be determined by the total number of games won/lost – not by the number of sets won
- 3 singles and 3 doubles sets will be played (as described above)
- If there is a tie (i.e. 24 games for each team) then the number of sets won/lost is to be used to determine the winner
- Team match points are scored accordingly:
  - Winning team of the match played: 4 points
  - For each set won: 1 point
  - For each tied set: ½ point.
